

Jabra GN

ELITE 3

Brilliantly engineered to breathe new life into your music.

Great calls & music wherever you go.

Soundtrack your life on the go

You deserve music your way, every day. With 6mm speakers and class-leading customization options via our intuitive Jabra Sound+ app, these compact buds deliver rich, clear sound and punchy bass that's not just powerful, it's unique to you.

Keep the noise out...

Specifically designed to offer outstanding noise isolation, Elite 3 gives you a perfectly portable escape, and keeps you immersed in the music, wherever your day takes you.

...but let the right sounds in

From ordering a coffee, to listening out for your announcement at the train station, our clever HearThrough technology uses the built-in microphones to instantly pick up external sounds and play them in your ears. Simply tap your earbud button to activate.

Be ready for anything

With mono mode, you can use either earbud and leave the other charging in the sleek magnetic case. Use one, charge one, repeat... well, forever. With mono mode, whatever you feel like doing today, at least one of your buds is always ready.

Enjoy clearly better calls

We've loaded Elite 3 with four microphones for crystal clear calls. That means wherever you go, you can chat and make plans and be heard clearly.

Go on and on with a battery that can too

With up to 7 hours in the buds, a total of 28 hours with the sleek charging case, and a fast charge, you'll never worry about being caught out by a low battery again.

Enjoy maximum ease of use

With Alexa Built-in, one-touch Spotify playback, and Google Fast Pair*, you can ask for directions, play your favorite tunes, and instantly pair to your device without even breaking stride.

*Google Fast Pair, instant Alexa activation and one-touch Spotify playback compatible with Android only.

Look good. Feel good

With classic Danish design and our ergonomic acoustic engineering, these buds look and feel as good as they sound.

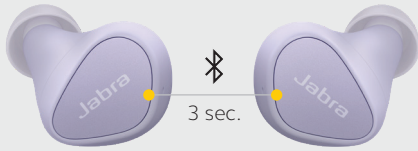

Ditch the umbrella

Elite 3 has been engineered for durability, with IP55-rated rainproof protection, and a 2-year warranty**. So even if you do get caught out in the rain, you don't need to worry.

**Against failure from dust and water with Jabra Sound+ app registration

HOW TO PAIR

Push the buttons on both earbuds for 3 seconds, then go to the Bluetooth menu of your phone to connect your earbuds, or with Google Fast Pair, your Android phone will instantly ask to connect to your buds if nearby.

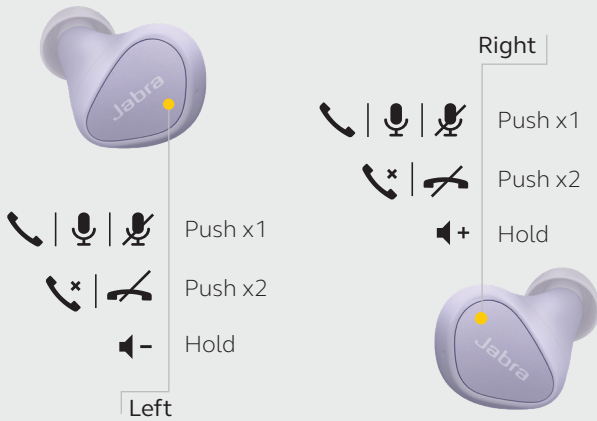

HOW TO CHARGE

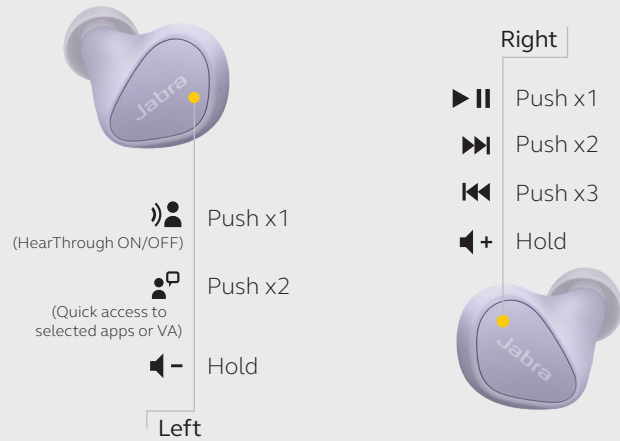

Up to 28 hours charge on-the-go

Up to 7 hours battery
