Geometric-faceted Design
Shapes Modern Simplicity Style

SP/ Silicon Power has been devoted to innovation pursuit to keep pace with the times. Inheriting from SP classic product design, USB 3.1 Gen1(USB 3.0) Jewel J08 appears in a different style of modern simplicity. Featuring a reversible cap and uneven cutting facets with gloss varnish, Jewel J08 shines with different arrangements of the cap and appealing changes in lights and shadows.

Trapezoid-Shaped Exterior,
Form Follows Function

Compliant with ergonomics concept and grounded on useful forms, trapezoid-shaped Jewel J08 has inclined sides that enable an opposing force on fingers for users better taking and holding. The elegant and form-follows-function design gives users a visual light show and brings an extraordinary taste into their lives.

USB 3.0 SuperSpeed Data Transfer,
Fun and Color on the Go

Jewel J08 paints the upcoming season in translucent black with crystal-like luster and flamboyant red that shines defiantly. With SuperSpeed USB 3.1 Gen1(USB 3.0) transfer interface, Jewel J08 is available in capacities from 8GB to 64GB for your choice. Characterized with the most compact size among SP plastic-housing drives and a built-in strap hole, Jewel J08 makes itself convenient for daily carrying.

COB (Chip-on-board) Technology for
Complete Data Protections

In addition to eye-catching look, Jewel J08 offers complete data protections by applying the COB (Chip On Board) technology. Equipped with water-proof, dust-proof and anti-vibration functions to keep the golden finger away from damages, Jewel J08 relieves your burden about data losses.

Features

- Geometric-facet design to present structure aesthetics
- Trapezoid shape with inclined sides for easy plug
- Gloss varnish showing elegant and modish style
- Compact size and lightweight casing for daily carrying
- COB (Chip-on-board) technology for water, dust and vibration proof
- Recuva File Recovery, allowing recovery of erased files, such as digital photos, documents, music and videos

Specifications

- Size：24.2 x 15.8 x 7.8 mm
- Weight：3.59 g
- Capacity：8GB、16GB、32GB、64GB
- Color：Translucent black & Flamboyant red
- Interface：USB 3.1 Gen1 / USB 3.0, USB 2.0 compatible
- Operating temperature: 0° C ~ 70° C
- Supported OS Operation Systems：Win 10/8.1/8/7/XP, Mac OS 10.3.X and above, Linux 2.6.X and above
- Certification：CE / FCC / BSMI / Green dot / WEEE / RoHS / KCC
- Warranty：5 Years Limited Warranty
